FULL PRODUCT RANGE

# MUST GROW

## O R I G I N A L

Must Grow Original uses a light blend of oils rich in vitamins and is essential for promoting hair growth and keeping the scalp moisturised. It also helps to restore strength in the hair and improves its appearance giving it a great shine. Must Grow Original Includes hemp oil, tea tree and jojoba oil, vitamin E, C and B and essential fatty acids.

Recommended for:

Dreadlocks

Natural Hair

Silk Pressed Hair

Suitable for:

Adults and Children

## BLACK CASTOR & BLACK SEED

A blend of oils made to promote hair growth and keep hair hydrated, soft and shiny. Must Grow black castor and black seed is critical for encouraging the development of thick, strong hair and minimises thinning. It also has a fantastic ability to help restore thinning hair due to its Omega 3 and 6 contents. The added black castor oil adds shine, keeps hair soft and encourages thick hair growth.

## BLACK CASTOR & HEMP

Contains hemp oil which is full of various vitamins and omegas that are effective in strengthening the hair and preventing breakage, such as vitamin e, which improves blood circulation to the scalp and promotes hair growth. This makes this moisturiser great for hair that is prone to breaking.

## GINGER

An excellent must moisturiser and natural antiseptic that puts a stop to dry itchy scalp. It stimulates hair growth by improving blood circulation in the scalp whilst helping to prevent hair loss. Must Grow Ginger allows the hair and scalp to become nourished and revitalised.

## OIL MISTS

### BLACK CASTOR & BLACK SEED

A light blend of high-quality black castor oil and black seed oil that is designed to promote thick hair growth, prevent hair loss and prevent dry, flaky scalp. Packed with essential vitamins and Omegas, it rejuvenates dry and damaged hair and reduces inflammation of the scalp.

### BLACK CASTOR & HEMP

Designed to moisturize and strengthen hair. It leaves hair free from dryness and irritation high and will have improved elasticity. It also contains B-vitamins, which helps carry nutrients and oxygen to the scalp, essential for boosting hair growth.
